

COMMUNITY SERVICE SPEAKERS FOR EQUALITY

1. What is our
community service
about?

2. What have
we learned?

3. What service
do we provide?

4-Experiences

1. What is our community service about?

“Speakers for Equality” is a community service that makes students aware of sexist violence generated by the patriarchal system. Its purpose is to prevent violent behavior and to generate a more fair and equitable society.

2. What have we learned?

In our community service, we have thought on the sex-gender relationship, gender stereotypes, and sexist violence that the patriarchal system generates. We have also thought of ways to change our society based on feminisms and new masculinities

3. What service do we provide?

Based on the knowledge we have gained during the first term, we are doing a biweekly radio program where we will talk about gender, sexism, sexist violence, sexuality in order to achieve a more feminist society. We are also preparing talks on gender for elementary schools.
